Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Northwest Angle Forgivable Loan Program	In response to the COVID-19 pandemic, and resulting border closure, the Headwaters Regional Development Commission will establish a forgivable loan program to eligible small businesses located on the Northwest Angle that are impacted by United States and Canadian border restrictions.	Angle Inlet MN	\$4,000
Comunidades Organizando el Poder y la Accion Latin	This proposal seeks to provide immediate; culturally-specific; relief to immigrant communities struggling to restore the losses suffered during the pandemic. At the same time, it will address systemic disparities by eroding the barriers that keep these communities from achieving equitable economic outcomes.	Minneapolis MN	\$1,000
Dakota County Technical College (DCTC)	Funds will be used to purchase the materials for resurfacing the Commercial Driving Center and the Decision Driving Range, thereby updating crumbling infrastructure. The funds would cover both materials and labor. The updated driving labs will host the new Minnesota State Commercial Driver Training Academy, a public-private partnership recently funded by a Minnesota Job Skills Partnership (MJSP) Grant.	Rosemount MN	\$2,175
Local Initiatives Support Corporation (LISC) Twin	With this proposal, LISC Twin Cities seeks to support the critical creative economies in St. Paul, Minnesota. LISC will support four community partners working in cultural districts. LISC has a history of investing in communities of color, working to close the gap in housing, education, lending, and creative activities. Their support for the St. Paul cultural and creative districts goes back decades, and this project builds on that long history of investment and support.	St.Paul MN	\$1,000
Neighborhood Development Center	Federal funds would provide gap financing to ensure the commercial spaces in the Chicago-Lake Rebuilding Project remain affordable for local, BIPOC business owners over the long term.	St.Paul MN	\$2,000
